

## Data Usage Consent Form

For Description	Write4U Consent for collection of the images and their related data shall be strictly limited in their use to the training of the Artificial Intelligence and/or Language Learning Models of speech data for various languages and utilization of collected data for developing AI based technology.
Title of the Study	Collection and processing of data for the sole purpose of training of Artificial Intelligence (AI), Language Learning Models (LLM) and Machine Learning (ML) models. These models are being developed to improve image recognition accuracy, personalize recommendations, and understand natural language and other related developments. ('Project/Study').

Write4U (hereinafter referred to as "Write4U") is a global data service and data processing company. Write4U is committed to providing data collection and data annotation services for research purposes of artificial intelligence development. According to business demand, **Bima Nugraha** will produce images, videos, audios, or other forms of works of your face, body, voice, etc., through image captures, video recordings, and audio recordings (hereinafter referred to as "Collection"). Write4U and our authorized third-party companies may use the works for artificial intelligence technologies development, academic paper writing, and other purposes. The works may contain your personal information through authorization according to the provisions of laws and regulations. By signing this document, you acknowledge that you have read, understood, and agreed to the content of this document and authorized Write4U to use it.

**A. Project Description:** The information of the Works you have commissioned to collect and produce according to the Project is as follows:

1. For Facial Image Sourcing project 10,000 people face image data collection (Hereinafter referred to as the "Works")
2. **Remuneration:** Write4U adopts the method of compensable collection. The collection price varies depending on the Works, and the specific amount is to be determined by mutually. When the collected information meets the Works' requirements, you will get the corresponding remuneration (paid by Write4U or a third party). Write4U may use the Works and possess your personal information, in the manner agreed in this document. The laws and regulations may request Write4U to seek your further authorization to use the works, and no additional consideration will pay.
3. **Ownership of Rights:** Write4U will have the ownership, intellectual property rights, and data rights of the Works. Write4U or its authorized third party owns the rights of the Works and technology formed by processing, researching, and developing the Works. In the event of an infringement of the Works' intellectual property rights and data rights, Write4U has the right to file civil lawsuits, criminal reports, and obtain compensation in its name. You will not be entitled to compensation or claim any rights for the Works.

**B. Personal Information:** The personal information that will be collected and produced for the Works as follows:

1. **Types of Personal Information:** The personal information collected in the Works are: ☺ faces, voices (voiceprint), fingerprints, others \_\_\_\_\_NA\_\_\_\_\_. The name and contact information registered in this document will not be processed as part of the Works. Write4U will only use name and contact information to inform you of matters related to your personal information and to seek individual authorization.
2. **Processing Purpose and Necessity:** Write4U may use the Works for technical research and

development in the field of artificial intelligence and corresponding commercial purposes mainly for face recognition, voice synthesis, voice recognition, fingerprint recognition, etc. Given the objective needs for the aforementioned technical research and development, it is objectively necessary for the Works to collect your personal information as described in the preceding paragraph.

**3. Processing Methods:** The specific ways in which Write4U will process the personal information contained in the Works include collecting, storing, using, processing, transmitting (not limited to the country of your nationality), providing, disclosing, deleting, creating derivative works, displaying on websites or at a trade show, and authorizing third parties to process in the aforementioned manner.

**4. Retention Period:** Ivison and/or its Client will take the least amount of time needed for the collection as its storage principle. Your personal information will become the basic data for artificial intelligence model training under the processing of Project, and this data will be incorporated for AI model training perpetually. Therefore, if you do not exercise the right to delete your personal information, Write4U will perpetually store your personal information on the server and retain for long-term use.

**C. Notification of Rights and Ways to Exercise:** Given that the Works contains your personal information, Write4U needs to inform the relevant rights granted to you by laws and regulations and the ways to exercise them as follows:

**1. Rights:** You have the right to request access, check, correct, update, and delete your personal information. If you exercise your right to delete your personal information, which makes the Works substantially unusable, you shall return the remuneration paid by Write4U before the Client performs the corresponding operations.

**2. Exercise Method:** To exercise the rights mentioned in the preceding paragraph, you can contact Write4U through its official website <https://www.write4uindia.com> or email [admin@write4uindia.com](mailto:admin@write4uindia.com) will make corresponding actions upon receipt of your request.

**D. Special Notice:** In view of the fact that the Works contains your personal information and the way that Write4U uses the Works, Write4U makes a special notice as follows:

**1. Information Notification:** Given that Write4U's use of the Works includes authorizing a third party to use the Works, Write4U will inevitably provide your personal information to the authorized third parties. Write4U will contact you through your reserve contact information or use the APP or website designated by Write4U to inform you of the recipient's name, contact information, and other information.

**2. Separate Authorization:** Given that Write4U's use of the Works includes authorizing a third party to use the Works, abiding by the laws and regulations to obtain your separate authorization, Write4U will send the notice to get your authorization again through the contact information you provided, the APP, or the website designated by the concerned authority. Considering that the processing purpose of the Works is to promote technological research and development through the reasonable use of personal information, you agree that Write4U can provide your personal information to the third party without your additional separate authorization if you do not reply with any objections within three days after the notice is sent. The third party has the right to process your personal information in accordance with the agreement between the third party and Write4U.

**3. Cross-border Transmission or Provision:** Given that Write4U's use of the Works includes authorizing a third party to use the Works, Write4U may transfer your personal information outside of your country of nationality or provide it to a third party outside of your country of nationality. The laws and regulations require that each cross-border transmission needs to obtain your separate authorization. Write4U will seek your authorization through the contact information you have reserved, the APP, or the website designated by the concerned authority. Based on the purpose of processing the Works and promoting the data flow and the technology development, you agree to respond within three days after the notice is sent. If you do not reply with any objections within three days, you agree that Write4U transmits your personal information outside of your country of nationality or provides it to a third party outside of your country of

nationality without additional separate authorization. The third party has the right to process your personal information in accordance with the agreement between the third party and Write4U.

**E. Information Security:** To ensure the security of your information, Write4U and its related parties and third parties authorized by the appropriate entity, which will take all appropriate technical (including but not limited to dedicated servers and data encryption, etc.) and organizational measures to prevent your personal information from being obtained or used by any unauthorized third party during storage and transmission;. As currently dated, Write4U has been certified the internationally authoritative ISO9001 Quality Management System Certification, ISO27001 Information Security Management System Certification, and ISO27701 Privacy Management System Certification.

**F. Security Events:** In the event of a data leakage incident, Write4U will promptly release the incident information on the company's official website and other public channels if any. Ivison will cooperate with relevant national departments to handle the data leakage incident. If the leaked data pertains to you, you can communicate with the email ID given above of Write4U to get the latest progress of the data breach and obtain corresponding compensation by legal approaches.

I have carefully read and fully understand the contents of this Works Rights Notification and Authorization. I authorize Write4U (including it's affiliates and other third parties authorized by Write4U) to collect and use my personal information under the terms of this authorization. Write4U will only contact you via E- mail. Please ensure that the e-mail you provide is accurate and active, otherwise, you will be responsible for the inability to be notified.
